Pass Programs

Government of BC Bus Pass Program

The BC Bus Pass Program is offered by the Ministry of Social Development and Poverty Reduction. The annual bus pass is valid for the eligible rider on any fixed-route transit service. The pass is non-transferable.

For information on criteria for eligibility, visit www.buspass.gov.bc.ca or call 1-866-866-0800.

Post-Secondary Students

Adult students in full-time attendance at a recognized post-secondary school can travel on a Student Monthly or four-month Semester Pass, by showing the bus driver their valid student photo I.D. card at the time of boarding. Student monthly and semester passes are available at Vancouver Island University (VIU).

Riding the Bus

Courtesy Seating

Although BC Transit serves everyone on a first-to-board basis, courtesy seating is considered to be the front accessible area of the bus. Courtesy seating meets the needs of all transit customers, and is especially vital to:

- customers who use scooters, wheelchairs, pediatric strollers or other mobility aids,
- customers with a disability or mobility issue, and
- customers with baby strollers.

Your mobility aid must not exceed 2 feet by 4 feet. If your mobility aid is larger, please contact the local transit office. Mobility aids include scooters, wheelchairs, baby strollers and pediatric strollers.

Baby Strollers

As a parent or guardian you must hold on to the stroller at all times. Position the stroller with the brakes set. Keep your stroller clear of the aisles. The aisle is the width of the distance between the normal seats, not the width of the accessible area.

Strollers should be collapsible. When wheelchair positions are occupied or required by another passenger using a wheelchair or scooter, you may fold the stroller and move to another available seat, storing the stroller between the seats.

Bike Racks

Most bikes can be accommodated on BC Transit buses when their wheels fit properly in the bike rack. If you are considering travelling by bike and transit, instructions are posted on the bike racks.

Before your bus arrives, make sure that saddlebags, antennas, helmets, child carriers or any other item that could interfere with the driver's vision are removed from the bike. Electric bikes are only allowed on the bike rack when they weigh less than 25kg (55 lbs.), and the battery (lithium only) is removed from the bike and brought on board the bus with the customer.

Bike racks on community buses can only be used during daylight hours. Bikes block the headlights at night. Visit *Rider Info* at bctransit.com for an instructional video.

Pets on Board

Conventional – Only small fur-bearing and feathered pets contained in secure, clean, hand-held cages are permitted on the bus. Cages (hard or soft shell) must be small enough to fit on the owner's lap.

Cowichan Valley Commuter – certified assistant animals are permitted. You may be asked to provide your Guide Animal Certificate.

Guide Dogs and Service Dogs

Guide and service dogs that are certified by the government of British Columbia are allowed on public transit at all times. This does not include emotional support or therapy dogs. If you're using a guide or service dog while travelling on one of BC Transit's services, the animal must wear its harness or leash. You may be asked to produce your BC Guide Dog and Service Dog Certificate. For more information, visit bctransit.com.

Parcels

For safety reasons, please place your luggage, bags, sporting equipment and other belongings on your lap or on the floor where it will not obstruct the aisle or other customers.

Do not carry combustible materials, like wet cell batteries, cans of gasoline, or propane on the bus.

Be Safe and Be Seen

Sometimes it is difficult for transit drivers to see you at bus stops, especially along unlit roads. Wear light coloured clothing, wear a reflective strip, use a flashlight or use the light from your mobile phone to signal the driver that you are at the stop.

Passenger Responsibility

Waiting for the Bus: Make sure you are in clear view of the driver and waiting by the bus stop sign.

Getting on the Bus: Have your fare ready or your bus pass ready to present to the driver. If you are eligible for a discounted fare, please display your I.D.

Bus Stops in Rural Areas

In rural areas with no designated bus stops, the bus driver will stop for "flag stops". When you want to flag the bus, find a safe location along the route and wave at the bus.

A safe location is one where the bus driver can see you and where the bus can easily pull off the road, such as a postal box area.

This works the same for getting off the bus. Ask the driver to find a safe place to stop close to where you wish to get off.

The Cowichan Valley Commuter does not make flag stops. For more information call Transit Info at 250-746-9899.

No Smoking

Provincial tobacco laws (*Tobacco and Vapour Products Control Act*) prohibit smoking in bus shelters and on transit vehicles at all times.

Electronic cigarettes are not permitted on transit vehicles or on property controlled by BC Transit.
